

AMERICANS ACROSS THE COUNTRY HAVE NEW HEALTH INSURANCE THAT STARTS ON JANUARY 1, 2014

THANKS TO THE AFFORDABLE CARE ACT.

If you're one of them, here's what you should know when it's time to go to the doctor.

BEFORE YOU GO TO THE DOCTOR OR PHARMACY:

- Get your insurance card or a temporary card with your new plan's information. If you don't have your card yet, ask your insurance company to give you some other way to confirm your coverage.
- Make sure you know when your first premium payment is due.
- Check to see which doctors and pharmacies are in your network.

AT YOUR FIRST VISIT:

- Bring your insurance card with you to the doctor or pharmacy. If you don't have a card, ask your doctor or pharmacy what other proof of insurance they may accept.
- If you thought you enrolled in health coverage but aren't showing up in the system, call your insurance company directly. If you don't have your insurer's contact information call the Marketplace Call Center **(1-800-318-2596)** and a trained representative can provide it to you.
