Ms. Espinel and the Obama Administration

ASMP and the Copyright Alliance have informed me of this welcome invitation from the Obama Administration to share my thoughts on my rights as a creator.

I am a commercial photographer based in Phoenix, Arizona. The formal pursuit of my profession as a visual artist began with my education at the Colorado Institute of Art in 1984. Since then I have dedicated much energy, passion, time, and finances to the development of my professional and artistic skills. The viability of my photography business depends much on the control of copyright to the photographs I create.

I stand together with all those who protect the creativity of the American public and fight the infringement of intellectual property.

Sincerely,

Martin Christopher
