ASMP and the Copyright Alliance have informed me of this welcome invitation from the Obama Administration to share my thoughts on my rights as a creator.

The unauthorized copying, sale, and distribution of my work greatly reduces my ability to earn a living. As creators have reduced rights to their creations, incentive to create is also reduced. This nation is at cross roads where it needs unique imagination and creativity to move forward in a time when we build increasingly less as a people. We need to own our minds and what we make.

Thanks,
