I am an artist/bookartist/public art installation artist/art jewelry designer/sculptor.  
Have been a creative artist for 40 years.

Exhibited my works extensively in the U.S. and Europe.

In the collections of The Library of Congress; MOMA, NYC; The Victoria & Albert  
Museum, London; The Getty Center and numerous others.

Protection of my works against infringement is of extreme importance to me to  
maintain my rights as an artist for my ownership, integrity and security of my works.

Please take these comments into serious consideration.

Thank you.
