---

Mrs. Espinel,

I am very glad to see you are in office, and, actually doing something about intellectual property rights.

I am the co-owner of Dollarstitch Embroidery, and, the theft of embroidery designs on the internet is out of control.

I sincerely hope you can do something about the internet sharing that is killing our business. I would like to talk to you in detail when you get a few open moments. Please email me when you are available.

Bart
