¹ PROMESA creates an oversight board that is not a department, agency, establishment, or instrumentality of the Federal Government but is an entity within the territorial government, which is not subject to the supervision or control of any federal agency. See 42 U.S.C. § 2121(c). Although the Board's financing is derived entirely from the territorial government, the flow of funds from the territory to the Board is mandated by federal law. Because federal law prescribes the flow of funds to the Board, the PAYGO scorecards reflect the allocation of resources by the territorial government to the new territorial entity with a net zero federal deficit impact, consistent with long-standing budgetary concepts. Because the Board itself is not a federal entity, its operations will not be included in the Federal Government's budget. In addition, federal agencies may provide assistance to the Board without reimbursement, and such assistance is classified as a PAYGO cost to the federal agency providing assistance.
