Completed									
GSA	OGP	GSAR Case 2008-G506; Rewrite of GSAR Part 515, Contracting by Negotiation	3090- AI76	Revises the GSAR to: maintain consistency with the FAR, revise language to make it clearer, update statutory citations, and delete obsolete language.	Complete	NPRM: Published at 73 FR 57580 on 10/3/08; FINAL: 6/6/16, 81 FR 36423	No	Public comments.	N/A
GSA	OGP	GSAR Case 2013-G504; Transactional Data Reporting	3090- AJ51	GSA will introduce a new Transactional Data Reporting clause to its FSS contracts in phases, beginning with a pilot for select Schedules and Special Item Numbers. Participating vendors will no longer be subject to the existing requirements for Commercial Sales Practices (CSP) disclosures and Price Reductions clause (PRC) basis of award monitoring, resulting in a substantial burden reduction. Stakeholders have identified the CSP and PRC requirements as some of the most burdensome under the Schedules program. These actions represent the most significant change to the Schedules program in the past two decades. GSA has also created a Transactional Data Reporting clause for all new GWACs and Governmentwide IDIQ contracts and may apply the clause to any existing contracts in this class that do not contain other transactional data requirements.	Complete	NPRM: Published at 80 FR 11619 on 3/4/2015; Extended comments due date May 6, 2015 to May 11, 2015; 80 FR 25994; FINAL 6/23/2016, 81 FR 41103	Pilot of select products and commoditized services	Public comment, public meeting, and collaborative dialogue with industry.	Estimated net burden reduction of \$29 million a year across the GSA Schedules Program and its other government-wide vehicles.
